Dear Konstantinos,

Congratulations on your admission to the Department of Civil and Environmental Engineering! I am pleased to offer you financial support for the 2010-11 academic year. This offer is made in recognition of your outstanding academic record and promise of productive scholarship. The details of your award are as follows:

<i>Block Grant Stipend - Fall, Winter and Spring 2010-11</i>	\$7,265.25
<i>Graduate Student Researcher (GSR) 50% Step1 Fall, Winter and Spring 2010-11</i>	\$14,530.50
<i>2010-11 Registration, Educational and Health Insurance Fees (estimated)</i>	\$13,500.00
<i>2010-11 Non Resident Tuition</i>	\$14,694.00
<i>Total Amount of Fellowship</i>	\$49,989.75

The funding detailed above provides an annual stipend/salary of \$21,795.50 for the 9-month academic year. Your monthly block grant stipend is approximately \$807.25 and your monthly GSR salary is approximately \$1614.50 (50% GSR Step 3 appointment). Your stipend and salary will be paid monthly through the UC Davis Payroll System beginning November 1, 2010. For tax information please refer to the enclosure "Regulations for Graduate Students Receiving Fellowships". Information about Direct Deposit may be found here: <http://accounting.ucdavis.edu/directdep.cfm>.

Your initial faculty adviser is Professor Sashi Kunnath. Please contact Dr. Kunnath (skkunnath@ucdavis.edu) to discuss courses, research and any questions you may have about this offer.

This award amount is firm and is contingent upon your *satisfactory* academic progress and research performance. Please note that *awards do not disburse until you enroll in at least 12 units each quarter (excluding summer)*. Acceptance of any other funding or academic employment could affect this award and should be reported immediately.

Your billing statement should reflect a credit for full fees and tuition at the start of each quarter you hold an academic appointment. Because fees are subject to gubernatorial, legislative and Regental action, adjustments will be made to your award for actual 2010-11 fee amounts. Unused fee awards will not generate a refund to you. If there is a discrepancy, please contact Brooke Noonan, benoonan@ucdavis.edu.

Graduate Students are limited to a maximum of 50% employment per quarter (100% during the summer session). If you receive additional financial support from fellowships or other university-based sources, the above may decrease an equivalent amount so that the total award amount remains constant. *Depending on availability of funds we reserve the option to adjust employment support between GSR/TA/Reader appointments and stipend award amounts while leaving the total overall award amount constant.*

Again, congratulations on your selection for this award and I hope you will accept our offer. The University of California, Davis is internationally noted for the excellence of its faculty and graduate programs, strong student-faculty relationships, and superior research facilities.

Please accept or decline this offer by indicating your decision below, then signing and returning a copy of this letter as soon as possible to Brooke Noonan, Department of Civil and Environmental Engineering, One Shields Avenue, Davis, CA 95616-5294. Failure to respond by **April 15, 2010** will be interpreted as a declination and this award offer will be withdrawn. If you have any questions, please do not hesitate to contact Brooke Noonan at benoonan@ucdavis.edu.

Sincerely,

Professor Sashi Kunnath
Department Chair
